Hannay AV Reels

Hannay AV series reels are specifically designed for broadcast and pro-audio applications. The reels are stackable for maximum transport and storage efficiency. Side mounted connector panels accommodate almost any combination of XLR and BNC connectors. Rugged steel construction and adjustable friction brake assure continuous smooth operation and prevent cable damage. Model AV-2 features optional heavy-duty casters for convenient transport on-site.

AV-1

Features side mounted connector panel for custom audio/video and broadcast snakes.

Order # B700 0010

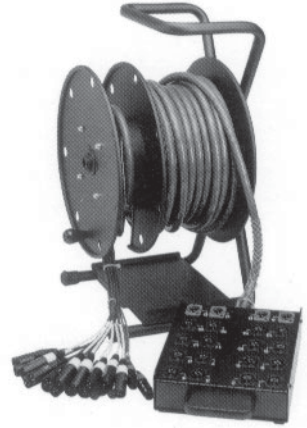

See chart below for capacities / sizes

AV-2 / AV2C

Large capacity stackable reel with side mount connector panel. AV2-C includes wheels.

Order # B700 0020 Standard
Order # B700 0021 With wheels
