Colour ID Buttons

ID buttons colour match ID rings and connector boots for greater hook-up efficiency.

Use only on Deltron XLR panel connectors.

*To select a colour simply add the colour # suffix to end of the order #. Black-00, Brown-01, Red -02, Orange-03, Yellow-04, Green-05, Blue-06, Purple-07, Gray-08, White--09.

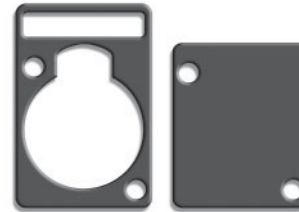

Order #	Description
D726 0000-xx	*ID Button - Single colour, bag of 25 'xx' = colour suffix. Add to end of order number

ID / Filler Plates

The ID plate fits D size holes and is mounted behind the XLR.

Blank filler plates cover unused panel holes.

Order #	Description
N700 0000	DBA Blank 'D' plastic filler plate, black
N700 0001	DSS ID plastic plate w/label cut-out
R900 0010	DBA Blank 'D' metal filler plate, black

XLR - Specialty Connectors

XLR-F 90° Black

Right angle XLR in-line connectors provide a clean look on mic-booms and also require less 'back-space' in a rack.

Order # S260 1301

XLR-M 90° Black

Right angle XLR in-line connectors provide a clean look on mic-booms and also require less 'back-space' in a rack.

Order # S260 1300

Combo 1/4" PC Mount

Combo connector is a 'combination' PC mount unit that allows both XLR-M and 1/4" TRS connections to be made. Nickel pins, black poly body.

Order # N725 0300

XLR 90° Neutrik

Right angle XLR in-line connectors provide a clean look on mic-booms and also require less 'back-space' in a rack. Nickel body and pins.

#Pins	Order #	
	XLR-F	XLR-M
3	N700 0301	N701 0301
4	N700 0401	N701 0401
5	N700 0501	N701 0501

XLR-F On/Off Neutrik

3-pin XLR features on-off switch to close circuits. Ideal for use with mics that do not have on-off switch. Nickel finish.

Order # N700 0300-07

Mini Studio XLR-F

3-pin mini-XLR is ultra compact and ideal for use with miniature lavalier mic cable. Nickel shell, plastic boot and nickel contacts.

Order # S200 0300
